ATTN :

FROM : Chief, TSS/SAD

SUBJECT: Assistance in Packaging Materials

1. In accordance with our discussion of 4 May, we are forwarding ten bottles and request that suitable gaskets be prepared so that these containers will be as air tight and leak-proof as possible. It is important that the type of gasket provided be one which permits repeated opening and closing of the screw cap and be so designed that it does not easily fall from the cap during reuse.

2. All of the bottles will be used for liquids, some for writing inks and some for dyes. In any event, the pH will be close to seven in all cases, and the solutions will have little or no Redox tendency.

3. The following quantities of gaskets are requested:

- 1 a. Bottle #1 -- 300 gaskets
 2 b. Bottle #2 -- 200
 3 c. Bottle #3 -- 400
 4 { d. Bottle #4 -- 100
 e. Bottle #5 -- 100
 f. Bottle #6 -- 300
 g. Bottle #7 -- 100
 h. Bottle #8 -- 100
 i. Bottle #9 -- 100
 j. Bottle #10 -- 100

4. If there is any question concerning this request, please contact .
